

Be SMART Be Safe Online

Safe

Keep safe by being careful not to give out personal information when you're chatting or posting online. Personal information includes your email address, phone number or password.

Meeting

Meeting someone you have only been in touch with online can be dangerous. Only do so with your parents' or carers' permission and even then only when they can be present. Remember online friends are still strangers, even if you have been talking to them for a long time.

Accepting

Accepting emails, IM messages, or opening files, pictures or texts from people you don't know or trust can lead to problems - they may contain viruses or nasty messages!

Reliable

Someone online might lie about who they are and information on the internet may not be trustworthy. Always check information with other websites, books or someone who knows. If you like chatting online, it's best to only chat to your real world friends and family.

Tell

Tell your parent, carer or a trusted adult if someone or something makes you feel uncomfortable or worried, or if you or someone you know is being bullied online.

We will equip all students with the skills, abilities, attributes and qualifications to pursue a fulfilling career, contribute positively to their communities and be active, global citizens.
