Dear Parents and Carers

Easter Update

As school currently remains closed to most students, we wanted to get in touch to give you some useful information and contact details. There are still staff in the school building every day and should you need any help or advice, please phone the school.

This is a very difficult time for many families. We are here to help if you are experiencing any difficulty in accessing free school meal vouchers, applying for Universal Credit or accessing any other services. Our staff are available to offer support and also make home visits where needed.

Students can access their school work through the School Continuity pages on our website. Students also have access to Century Tech for their core subjects, you should have received log in details in the post but please get in touch with school if you do not have these. Students can also keep in touch with their teachers via email. Teachers are more than happy to answer their questions and give advice. Work packs have been posted out to students where requested. If you do not have access to the internet and require further work for students, please phone school.

If you would like a member of staff to speak to your child to guide them through any of the distance learning then please phone the school. As said, we have staff available in the building every day and teachers are also working from home.

Please do not worry too much if your child is not completing all of the work set by school. The most important thing at the moment is for you and your family to keep healthy and safe.

We miss all of our students a great deal and we are really looking forward to seeing them again. We hope that you and they are well. Please remember that we are still here to offer help and support wherever we can.

Yours faithfully

Ms J Bowen
Academy Headteacher
