Want to ensure your child's immunisations are up to date?

This summer holiday, we're offering Human Papillomavirus (HPV), Meningitis ACWY, Diphtheria, Polio, and Tetanus immunisations at clinics across Manchester.

Clinics are open to children in year 8 or older that attend a Manchester school, or are a Manchester resident.

To check if your child is up to date with their immunisations, or to book an appointment at one of our clinics, please email **mft.immunisation@nhs.net** or call **0797 3698 166**. This phone is monitored from 8am to 4pm. If you are calling outside of these hours or the line is engaged, you can leave a message with the child's details.

Information you will need to provide:

- Child's full name
- Parent/carer contact number
- Date of birth
- First line of address
- Child's NHS number (if you have have it).

We will send you a consent form which will need to be completed for us to give the immunisation. Please let us know if you would like this in any other languages.

If your child is not of school age (year 8 and older), please contact your GP practice to arrange their immunisation.
